

Mall GmbH

Manufacturer of systems for:

- Rainwater management
- Separation technology
- Wastewater treatment technology
- Pumping stations
- Storage of new energies

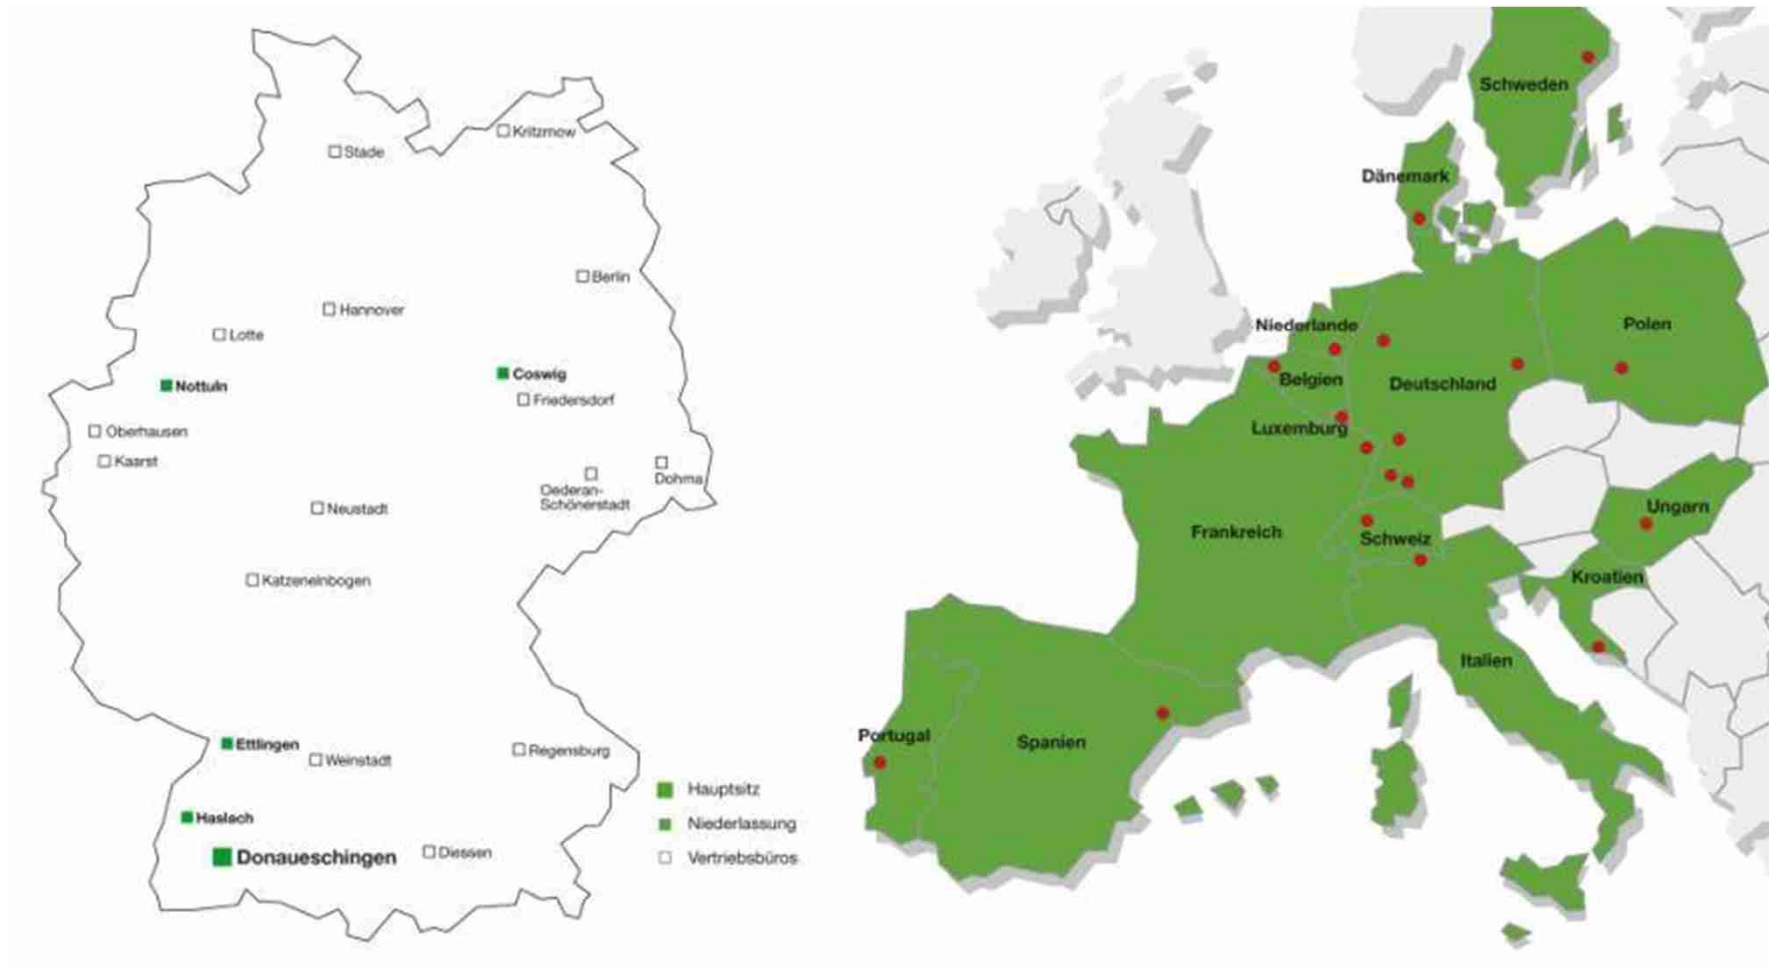

Company structure

- 450 employees
- 63 Mio. € turnover in 2011
- 5 production facilities in Germany
1 production facilities in Hungary
- 20 sales agents in Germany
in Deutschland
- Subsidiaries and sales
departements in many European
countries

Locations

Production plants in Germany

Donaueschingen

Ettlingen

Nottuln

Corporate structure

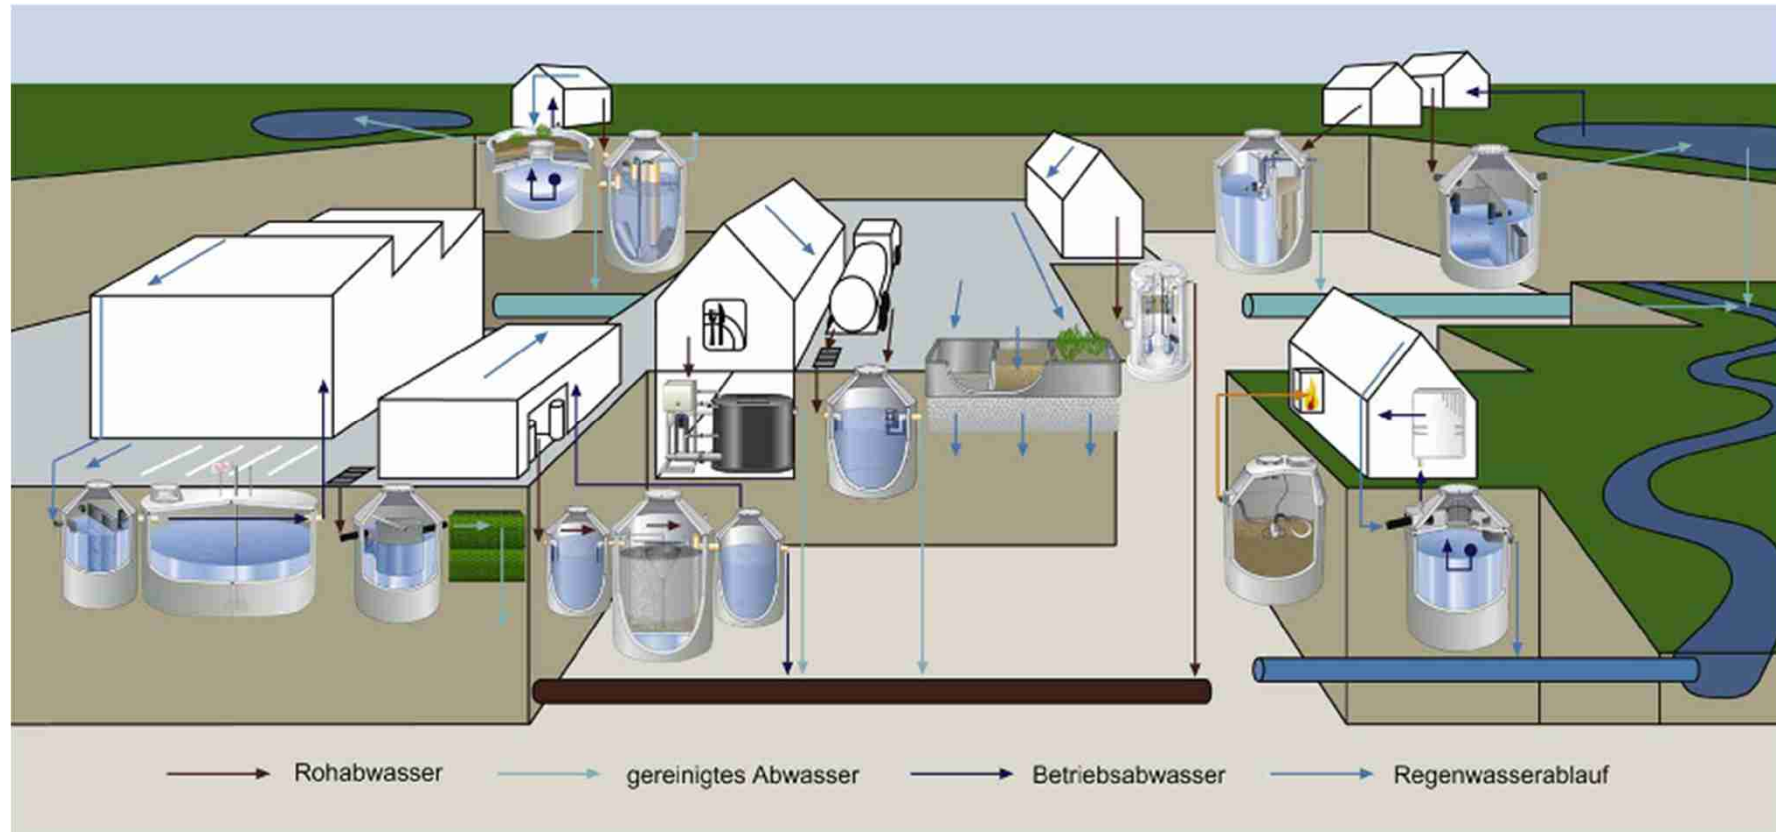

Product range

- Rainwater management
- Separation technology
- Washwater recycling
- Wastewater treatment technology
- Greywater usage
- Pumping stations
- Storage of new energies
- Manhole and container construction

Product range

Rainwater management

- Utilization
- Infiltration
- Derive throttle
- Retention
- Treatment
- Evaporation

Separation technology / washwater recycling

- Light liquid separator systems EN 858
- Grease separators EN 1825
- Washwater recycling
- Retention of water endangering liquids

Wastewater treatment technology 4 – 1000 habitants

- SBR-treatment systems
SanoClean und SanoFix
- Municipal treatment plants
- Waste water collection tanks

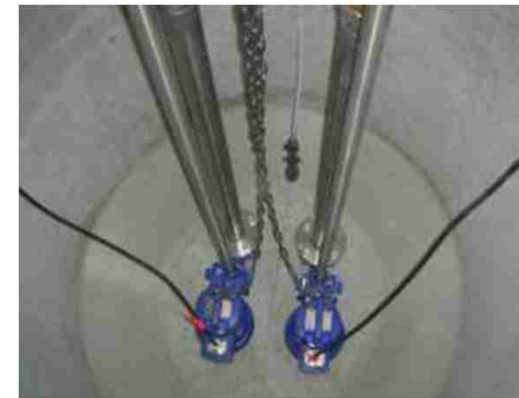

New Energies

- Pellet storage containers with discharge system Maulwurf 2500, 3000 oder 6000 or without discharge system
- Hogged wood container without discharge system
- Products for solarthermie, biomass, geothermie and fermantation gas as well as waste heat from production processes

Pumping stations

- Reinforced concrete shaft construction works with plastic lining
- Lifting systems EN 12050
- HDPE - container construction
- Pump-technical equipment
- Measuring and automatic control
- Valve manholes

Services

- Consultation
- Delivery / Installation
- Assembly / Start-up
- General inspection/ Maintenance
- Training courses

Internet

- Employments offered

The screenshot shows the homepage of the mall environmental systems website. At the top right is the logo 'mall umweltsysteme'. Below it is a navigation bar with links: 'Aktuelles', 'Produkte', 'Downloads', 'Unternehmen', 'Lieferanten', 'Kontakt', and 'Presse'. A search bar is located at the top left. The main content area features a large banner image of green leaves with water droplets. To the right of the banner is a list of services: Regenwasserbewirtschaftung, Regenwassernutzung, Abscheider, Waschwasser Recycling, Kleinkläranlage - Kläranlage, Grauwassernutzung, Neue Energien, and Pumpstation. Below the banner are four columns of content: 'Privater Bauherr' (with a tip about rainwater use), 'Neuheiten' (listing a trade fair and YouTube link), 'Messen/Veranstaltungen' (listing trade fairs for fat separator plants and light safety separators), and 'Kontakt' (providing phone, fax, and email information for Mall GmbH). At the bottom, there are four more columns: 'Produkte' (listing various water treatment products), 'Download' (listing technical documents), 'Unternehmen' (listing company structure and contact partners), and 'Presse' (listing press contacts and media contributions).
